○ -ING ENDING, PRESENT, PRESENT CONTINUOUS, NOW

KAJ JE PRESENT CONTINUOUS IN KDAJ GA UPORABLJAMO?

Present Continuous (včasih mu rečemo tudi Present Progressive) je angleški čas, ki ga uporabljamo, ko govorimo o navadah in o nezaključenih dejanjih v sedanjosti, trenutnem (začasnem) stanju, trenutnih navadah, nadležnih navadah in pa za opisovanje vnaprej določenih načrtov, ki se bodo zagotovo uresničili v prihodnosti.

Present Continuous tvorimo tako, da uporabimo glagol »BE« (*biti*) v kombinaciji s končnico -ing.

Na primer:

My aunt is working in the garden. (*Moja teta dela v vrtu.*)

He is spending lots of money for his first child. (*Za svojega prvega otroka zapravlja veliko denarja.*)

Kaj znam

Present Continuous uporabljamo za **sedanjost**, ko govorimo o navadah, nezaključenih dejanjih v sedanjosti, trenutnem (začasnem) stanju in trenutnih navadah.

Uporabljamo ga tudi za prihodnost, ko govorimo o svojih načrtih.

Tvorimo ga tako, da uporabimo »BE« v navadnem sedanjiku in končnico -ing. I am staying.
